

What is still missing from your statements

Glow Ventures Family Office · Updated 5 October 2026

All 25 statements you sent are on the dashboard. None is one of the nine documents we asked for on 29 September, so the gap has barely moved: +₹1.61 Cr (Buoyant, now valued at 31 Aug).

The gap closes when the nine arrive. Start with Ajay's Motilal Oswal and HDFC Bank demat statements, or a CAS for each PAN.

	Consolidated Review 30 Jun 2026	Dashboard 5 Oct 2026	Gap

Invested, at cost	₹1,076.01 Cr	₹469.1 Cr	₹606.9 Cr

Dashboard figures are live. Portfolio value was ₹912.35 Cr at the 1 Oct close.

THE ONE RULE

The dashboard shows only what a bank, broker or fund statement shows. Your Consolidated Review is your adviser's summary, not a statement, so it cannot be a source. Where a statement has no number, the dashboard shows —.

Why the value gap is still there

– Holdings your statements value, moved from the statement date to the latest NAV or price	–10.07	—
= Dashboard Portfolio value, at the 1 October close	912.35	

* At the review's 30 June marks. The dashboard values most of these itself (the "+" lines). Still unvalued: the DSP Gold and Silver ETFs (units and NAV on different bases), unlisted shares at face value, and Ankita's Clean Max shares, kept unvalued at your request.

† Ajay's 3P statement shows ₹31.06 Cr paid to his HDFC Bank account. For Ankita we have only an ICICI Bank advice of ₹21.43 Cr; her 3P statement would confirm it.

‡ Price moves since 30 June, the DSP Gold and Silver ETFs (₹54.85 Cr on the review), part holdings, and private holdings the review carries at cost.

Why the invested gap is still there

The dashboard counts a cost only where a statement prints one: **309 of its 377 holdings**. The other **68, worth ₹370.0 Cr**, are all in demat accounts. A demat statement shows what you hold, never what you paid.

Account	Value
Ajay's Motilal Oswal demat ...539150	₹168.7 Cr
Ajay's ICICI Bank demat	₹108.0 Cr
Demats ...316, ...320, ...335 and trust ...387399	₹93.3 Cr
68 holdings with no cost	₹370.0 Cr

Lines on no statement and the private-equity block carry no cost either. Items 5, 1–4 and 8 close this gap.

Changed since 29 Sep: lines on no statement are ₹169.89 Cr (was ₹231 Cr). Holdings with no cost are 68 (was 65), because demat ...387399 belongs to the Bharat Jaisinghani Family Trust.

1 Holdings that are in no statement

These are on your Consolidated Review, but no statement you sent lists them. The dashboard cannot show them. Example: BSE Ltd.

THE DASHBOARD · SEARCH “BSE”

The screenshot shows a search bar at the top with the text 'All holdings'. Below it, a search input field contains 'BSE'. Below the input field, it says '0 of 197 selected' and 'Pick one or more'. A message states 'No holdings match "BSE".' Below this, a dashed box contains the text: 'ON THE CONSOLIDATED REVIEW · NO STATEMENT REPORTS IT', 'BSE Ltd. · MOPWM', and 'Review as at 30 June 2026 · a cross-check, not a source'.

Why: Ajay's main Motilal Oswal demat came only as a transaction statement (1 Apr – 31 Jul 2026). It lists only holdings that moved in those four months, so BSE Ltd. and the others that did not move are missing. For Ajay's HDFC Bank demat we have no statement at all.

Please send: (1) Motilal Oswal holding statement for demat 1201090012539150 · (3) HDFC Bank holding statement for Ajay's demat · (4) a CAS for every PAN, including both family trusts. The next page lists every line.

2 Motilal Oswal statements do not show today's value

On the holding statements for demats ...316 (Ankita), ...320 (Bharat) and ...335 (Aarti), the **Rate** is not today's price and not your average cost. It is the price the last time units moved in that holding. The **Value** is that rate × the units that moved then, not × the units you hold.

3 Average cost and invested amount are blank

For 68 holdings the dashboard shows the value, but no average cost, invested amount, profit or purchase date. **Why:** a demat account only holds the shares. It does not record what you paid, so its statement has no cost column.
